VIENNA: Hold your trousers on, Italy, we're still friends. I have other schemes in mind. Just ask Turkey - He'll tell you!

SKOPJE, SERBIA (GREATER EMPIRE OF AUSTRIA AND JAMUL) Vacationing at his summer villa near the Jamul Chinchilla Ranch, a plush resort picturesquely located on the poison-oak-ridden banks of the Sweetwater river, just down the road from the smelly blue heaven cafe, Austrian President Franz Josef Anton Wilhelm Johannes Victor Adolf Kurt Hartmut Wolfgang Georg Friedrich Karl Meinhard Hans Klemens Herbert Bernhard Erich Hermann Helmut Gottlieb Walther Richard Gottfried Ludwig Felix Konrad Lorenz Gotthilf Jakob Fritz Gustav Heinrich Arnold Willi Horst-Tanu Stefan Alfred Ulrich Oglesby McDougal, Third Baron of Klagenfurt, Fifteenth Marquis of Kreuzmuenster and 59th Canipotence of Pladter City, today issues an edict. By the time the President had announced his name, however, the edict had rotted away with age and so nobody around here knows what is coming off. Military observers in Austria have suggested that two plus two equals four, although Grandma Moses did not die in the presence of a Blocked-Tailed Yak circumnavigating the upper gujenun. Wasn't that an interesting press release (ED-No)?

JAMUL, AUSTRIA (Yep'tis indeed in Austria - nobody else wants it) From the Jamul Chinchilla Ranch and Heir to the Austrian Throne Breeding Farm, The President today accused the Russian Mad Satirical Monk of selling out to "Rampant Bohemia-ism". The President Defined Rampant Bohemia-ism as "That abstract quality which causes a person putting frog legs in his mouth with a popsicle stick to contemplate his navel instead of the ethereal essence of the popsicle."

ST. FLORIAN AUSTRIA (here we go again); The following poem has become the National rage in Austria this year; It supposedly explains Austrian foreign Policy better than the Politicians ever could.

The President, sucking a pickle,
Said, "Allies Are Certainly Fickle.
"Through Friendly I be,
"My pals all stab me;
"I think I am going to be sick-le" (Yek)

BOHRAU, AUSTRIA: Contray to popular opinion, this is not a press release.

This game was originally a Economic Game, Greg Long changed it to a regular game. If anybody in this game does not want to continue in a regular game or Economic game, write and let me know, if the majority want to continue as a Economic game, I will endeavor to find a home for it. Also in the above game, if any of the players do not want to continue write to me real fast and I will try to get a replacement.

The High Liver game, John I took the designation of 1967-BD, since there was no designation given out for the Letters, and I didn't want to confuse your files with a new 1968 Number.

NEWS AROUND FROM THE WORLD

1967-AS-FRANCE-Why is it that every time,I have played France (With only one exception)am I at war with Italy,Germany and England from the very beginning of the game?. It must be a plot(A Feery Plot)Everyone is after Me (HELP...Please!)

1968-L-ROME-I would have used Fleet Apulia for a more usual purpose but some people are just down right thick.

1968-AV-PARIS:- As of today,July 14,1901,the French Government is closing its borders with the Fascist Imperialistic Country of Germany and is officially declaring an embarge against all German products.France's loyal ally,England,is going to blockade the coast of the Hun so as to influence the misled German people to revolt against their Barbaric Government. The Alliance of the World revolution(England and France)also intends to liberate the oppressed peoples of Belguim,Holland and Denmark who have been living in the dark shadow of Germany too long. If these modest demands are not met then France will be regrettably forced to declare war on the barbarians to restore order.Already Frances top General is going to the frontier to help mobilize Frances finest,The Red White and Blue Guards.
VIVE LA FRANCE!!!
